Here's how the Missouri Bicycle Federation works for you.

- Lobbies for legislative issues on behalf of bicyclists at local, state, and national levels.
- Promotes safety: sharing the road, wearing helmets and following the rules of the road.
- Works to establish bicycling as a recognized form of transportation and recreation.
- Facilitates use of state and federal funds to meet our goals.

Here's what MBF has accomplished.

- Wrote and passed legislation that repealed the mandatory sidepath law and defeated its reinstatement in 1998.
- Defeated a bill that would have required all bicyclists to ride on the left side of the road, facing traffic.
- Defeated legislation that would have required bicyclists to ride single file.
- Worked with the MoDOT to change its policy on shoulder rumble strips to allow bicyclists some smooth shoulder. Currently working with MoDOT on improved rumble strip policy, improved drain grate policy, and statewide bicycle routes and maps.
- Worked with Amtrak to allow unboxed bicycles to be rolled aboard.
