Destination

Warsaw
A – Osage Trail from Highway 65
Material was obtained from the Highway 65 four lane project and placed to create a link through the waterway to the opposite shoreline. There was enough material to also create a parking area.

The City has started the first section of the Osage Trail.
B – Downtown and Drake Harbor
In 1997 a downtown/riverfront master plan was implemented with a phased approach for downtown revitalization. To encourage private interest and investment a Façade Revolving Loan was formed. Most of the facades in the downtown have been renovated to their original facade with most using the façade revolving loan.

One of the façades won an award in the State of Missouri’s Excellence in Downtown Revitalizations. All totaled, there have been over $2,000,000 in private investments in the existing downtown buildings since 1997. Additionally, there has been over $2.5 million dollars of new construction in the downtown area. However, much more was needed to be accomplished.
Infrastructure improvements were completed in 2002. The project consisted of new water mains, curbs, sidewalks, and landscape. The project won the State of Missouri 2002 Excellence in Redevelopment Award for Public Improvements.
Steamboat Landing is part of a land and water trail system. This section of trail system, behind the Community Building, is 10 foot wide by approximately 1000 foot long boardwalk. It will have the capability to accommodate 64 boats of various sizes and other smaller watercraft on the Lake of the Ozarks. This will provide the opportunity for immediate access to the waterfront, downtown and the ever growing network of pedestrian and bicycle trails.
Before Construction

After Construction
Drake Harbor Recreation Area 1997

2013 with trails completed and the Osage Amphitheater
C – Joe Dice Swinging Bridge
D – Bledsoe Ferry Sports Complex

Access Road

Sports Complex

Trail to the swinging bridge.

Possible trail connection to Shawnee Bend Golf Course through USACE property
Trail extension into sports complex 2013

Youth fields 2013

Softball Field 2013

This area will be filled with new soccer fields in 2013 to 2014
E – Shawnee Bend Golf Course
